

Police Catch Man Suspected In Bank Theft

FAYETTEVILLE, Ark. — Washington County Sheriff Bruce Crider said a Wichita, Kans., man was apprehended with more than \$19,000 on him as police flushed a farm home near here early today for two gunmen who robbed a Van Buren, Ark., bank of about \$29,000 yesterday.

Crider identified the man as 23-year-old Charles Daugherty. The sheriff said Daugherty was taken about 1 a.m. at a farm home one mile west of nearby West Fork. A second man, Harold McKeehan, 23, also of Wichita, fled from the farm home under a volley of police fire, Crider said. McKeehan was believed to have been wounded, the sheriff added.

Unarmed gunmen staged a daylight robbery of the Van Buren Citizens Bank and Trust Company after pistol-whipping a bank president and threatening employees. The insurance-covered loss was fixed at \$19,750.13 by Cashier Frank E. Pape.

First, Federal Bureau of Investigation police and bystander reports indicated that four men had participated in the robbery—two standing guard at the entrance and two performing the holdup. However, Pape said last night it is now believed that only the two men who entered the bank were involved. Police and FBI officers refused to confirm or deny the report.

Crawford County Hospital attendants described "good" condition of Bank President David T. Bryan, 72, beaten about the head when he refused to open the bank vault.

Pape said the two men, clad in khaki clothing and one wearing a long-visored baseball cap, entered the bank about 20 minutes before the holdup.

One asked Bryan about an automobile loan and the second asked a teller for stationery, he said. They sauntered out the cashier said, and returned with guns just after a shipment of "new money" from a Ft. Smith bank had been delivered. The shorter of the two men, vaulted a railing and confronted Pape and, pushing a pistol against his stomach, forced the cashier to gather all currency from the teller's cages.

Bryan emerged from a back room and refused to open the vault when given the order by the bandits. He reacted to a telephone instead, and was struck across the head with a pistol.

The robbers fled the building jumped into a car parked about a block from the bank and disappeared. A Van Buren High School girl, Suzanne Sagely, seeing the commotion quickly copied the plate numbers and turned them over to police, Pape said.

As late as 1900 nearly 99 per cent of the world's rubber came from Brazil.

COME AND GET ME—Perched on an auto, Harry Schuler, 40, calmly watches tense police whom he held at bay for two hours with a shotgun after he drove his wife and six children from their home in Pittsburgh, Pa., following an argument. Schuler later scurried back into his house where police finally subdued him. No one was injured although one blast was fired. (AP Wirephoto.)

POWs Report To Army Center For ROK Service

PUSAN, Korea. — About 400 anti-Red North Korean war prisoners recently released from U.N. stockades reported to the South Korean Army replacement center near Pusan today.

They were identified as former prisoners by district officials at Pusan. More of the POWs remaining in Pusan were expected to follow suit.

The North Korean youths, wearing folded national flags of South Korea across their breasts, sang patriotic songs and waved their hands and small paper flags as they passed through Pusan streets in at least 15 trucks.

They were on their way to the replacement depot in Tongnae, 10 miles north of Pusan. Officials of neighborhood wards said they were former war prisoners who had been taken care of by residents of Pusan.

An estimated 27,000 North Korean anti-Communist war prisoners were released June 18 and thereafter on order of President Syngman Rhee in a move that stalled the armistice talks on the verge of signing.

The Communists have charged the prisoners would be impressed into the South Korean Army and have demanded the recapture of all 27,000.

WASHINGTON. — President Eisenhower's request for new funds for the State Department's foreign information program was reported today to have been cut 31 per cent by a House appropriations subcommittee.

The 69 million dollars the group is reliably said to have recommended is \$27,600,000 less than Eisenhower requested and \$74,715,800, or 55 per cent, below the January request of former President Truman. It contains no additional funds for construction or acquisition of broadcasting facilities for the Voice of America and would require transfer of Voice headquarters from New York to Washington.

Actress' Mother Dies

NEW YORK. — Mrs. Catherine Hayes Brown, 76, mother of actress Helen Hayes, died last night at a Manhattan hotel where she was to dine with friends.

Ex-Fugitive Is Set Free On Parole

CHARLESTON, W. Va. — A 27-year-old fugitive whose conscience prompted him to end a four-year refuge from the law is heading back to his family and job in New Rochelle, N. Y., with the blessing of probation officers.

Kanawha County Probation Officer Shannon E. Apled told that William M. Beard would be "a credit to any community" and set him free.

Beard walked into the county jail here Sunday and told deputies: "Let me in. I've had enough."

He had been sought for four years on a probation violation charge. In 1944 he was given three years probation on a charge of breaking and entering. Beard, who then lived at St. Albans, W. Va., reported regularly to probation officers for one year and then vanished.

He told county officers after surrendering that he had been working in New Rochelle, N. Y., in a civil service job for the city. By working overtime, he said, he had made as much as \$500 a month, had married and become a father.

"But," he was quoted as saying, "all that time those old charges were eating on me. It got so bad I couldn't sleep at night. Sooner or later, somewhere, somebody was going to lap me on the shoulder and I'd have to face the music."

Checking his story, probation officers found he was respected by his employers and had been in no criminal difficulties since leaving Kanawha County.

Apled told him yesterday that he could go home. The probation officer voided his warrant that had been out for his arrest.

"He broke down and cried," Apled said. "He was a pitiful sight."

City Will Try New Session Of Negotiations

ST. LOUIS. — Another non-stop negotiation session is scheduled today in a city hall attempt to end a crippling construction industry strike after 550 AFL truck drivers last night refused to agree to arbitration of their dispute.

Mayor Raymond R. Tucker yesterday called for the non-stop sessions to end the six-week-old strike which has halted construction in the area.

The 550 drivers employed by the ready mix concrete plants and material yards, a key employer group in the dispute, refused by unanimous vote to submit the dispute to arbitration and also rejected anew the dealers' offer of a 7 1/2 cent hourly wage increase without other contract changes.

Mayor Tucker said after yesterday's city hall session that negotiations had reached an "impasse."

He said he "gathered" the impasse was over a wage increase plus the questions of owner-driver truck rates.

The dispute has idled about 27,000 workers and halted 75 million dollars worth of construction. Three of the five employer groups originally involved in the strike have come to terms with the union. The Home Builders Association has not reached an agreement.

TAIPEH, Formosa. — Official quarters said today more than 20,000 Chinese Nationalist troops interned in French Indochina early in 1949 have been evacuated to Formosa.

The Foreign Office was expected to announce completion of the evacuation at any time.

The operation has been under way for some time, but it has been a closely guarded secret to prevent possible Communist interference, sources here said.

The Nationalist troops fled into Indochina to avoid capture by Communists for the South China Sea. They were commanded by Lt. Gen. Huang Chien.

Although Brazil produced about 99 per cent of the world's rubber in 1900, by 1934 nearly 99 per cent came from the Far East.

SPENDS LEAVE AT HOME — Arlie Glenn Combs, ENEN, son of Mr. and Mrs. Emmett Combs, Tipton, spent a 29-day leave with his parents after returning from Korea and Japan, where he had spent 11 months. He returned to his ship at San Diego, Calif. He enlisted in the Navy July, 1951.

Tornado Carries Paycheck 60 Miles

NEW YORK. — A paycheck whirled away by a tornado at Worcester, Mass., and lost for 21 days has been returned to railway mail clerk Charles E. Nowlin.

Rain-streaked but still legible, the check landed 60 miles away at the South Weymouth Navy base, near Roxbury, Mass. It was found by John J. Landry, a sailor and returned to Nowlin.

The twister flattened Nowlin's house.

Schuster Home Scene Of Pre-Nuptial Dinner

Mr. and Mrs. Arthur Schuster, entertained recently at six o'clock with a pre-nuptial dinner in honor of their daughter, Mary Ann, whose marriage to Frederick Novotny of Yankton, S. D., took place Saturday morning June 20, at St. Joseph's Catholic Church in Pilot Grove.

Guests were: Mr. and Mrs. Emil Novotny and son, Frederick, of Yankton, Miss Marita Weidel, Tee Heights, S. D.; Mr. and Mrs. Bob Novotny and Bonnie, and Miss Norma and Miss Regina Novotny, all of Denver; the Rev. Fr. Daniel Schuster, Conception; William O'Shea of Chicago, Arthur Schuster, Jr., Marcus, Ia.; Mr. and Mrs. Ralph Rapp, Pleasant Green; Mrs. Joe Platt, Sedalia; Miss Janie Schuster, Kansas City; Mrs. Sue Grotzinger, and the Rev. Fr. William Harris.

Mothers and Daughters Entertained at Tea

The Welcome Inn 4-H Club mothers and daughters were entertained with a tea June 25 by Mrs. John Wall.

A sewing project meeting was to follow the tea, but the leader, Mrs. Beulah Harvey, was unable to attend, so the meeting was postponed.

Sixteen mothers, daughters and guests attended.

Grover Coats Honored With Turkey Dinner

Mr. and Grover Coats entertained at a turkey dinner at their home in Knob Noster Sunday to celebrate the birthday of Mr. Coats.

Present were: Mr. and Mrs. Frank Denton, Lamar, Mr. and Mrs. Wallace Smiley, John Wallace, Marilyn and Sue Ann, and Mrs. Lida Westbrook, Houstonia, Mr. and Mrs. J. B. Reynolds, and family, Warrensburg, Mr. and Mrs. Carl Paul, Dorothy and Jerry, Sedalia, Mr. and Mrs. Hugo Kappelman and Gwendolyn, La Monte, Mr. and Mrs. Delmar Thompson and children, Mr. and Mrs. Walter Coats and daughters, Mr. and Mrs. H. H. Smiley and Mr. and Mrs. Kenneth Smiley and daughters, Knob Noster.

Joint Initiation Held at Marshall

TIPTON — Our Lady's Circle No. 222, Daughters of Isabella, joined Marshall Circle No. 535, in joint initiation ceremony of 36 candidates at Mercy Academy in Marshall on Sunday, June 28, at 2 p. m. Marshall Circle was in charge of degree work.

In the evening a banquet and program took place at the Knights of Columbus home. The food was prepared and served by the members of the Knights of Columbus.

Initiated into the Tipton Circle were: Mildred Dubberly, Winnie Dubberly, Helen Franken, Isabel Kutenkubler, Madeline Knipp, Mary Lee Kempf, Beatrice Kuefer, Evelyn Koehner, Gertrude Koehner, Norine Koehner, Blanche Lang, Barbara Lang, Joan Muessig, Shirley Morlock, Gertrude Verlinde, Judy Verlinde, Mary Jo Verlinde.

They were accompanied by Regent of Our Lady Circle, Mrs. Rose Faherty, and the following visitors: Jeanette Knipp, Louise Lang, Stella Hake, Pauline Ketterlin, Eva Morlock, Rose Kutenkubler, Elizabeth Franken, Martha Kline, Adela Schreck, Viola Luebbert.

Those who furnished transportation were: The Rev. Fr. B. Barker, Frank Lang, Lawrence Hake, Mrs. Luebbert and Jeanette Knipp.

With the initiation of Barbara and Blanche Lang, Our Lady's Circle has four generations of one family, who are members. They are the twins, their mother, Mrs. Louise Lang, who is past regent, their grandmother, Mrs. Blanche Duerber, who is chaperon, and the great grandmother, Mrs. Anna Fischer, who is the oldest member.

Mrs. Owens Entertains Members of TEL Class

Mrs. Gib Owen, 807 North Grand, was hostess to the TEL Class of the First Baptist Church at its June meeting. Eleven members and one guest were present.

The devotional was given by Mrs. John Lyon. Larry Owen accompanied by Marilyn Kelly, sang two selections. Each member brought her baby picture and they were passed around. Mrs. Fred Abbott won the award as being the cutest baby.

Refreshments were served by Mrs. Leonard Hall and Mrs. Homer Gwinn.

Mrs. Thornton Learns Of Father's Death

Mrs. George Thornton, Hughesville, received a message Wednesday from her daughter-in-law, Mrs. Donald Thornton, Kansas City, that her father, Mr. Hunt of Exelsior Springs, suffered a heart attack and died Wednesday, Mrs. Donald Thornton is a former resident of Hughesville. Mr. and Mrs. Jim Riley, sister of the late Donald Thornton, and Mrs. George Thornton left Thursday morning for Kansas City.

Flat Creek 4-H Club will have its annual 4th of July picnic for the parents and the community at the home of J. J. Wisman. Everyone is to bring a picnic dinner.

About Town

Mr. and Mrs. Seigel Woodward, 1601 West Tenth, accompanied by their sister, Miss Celina Woodward, Kansas City, and Mrs. Woodward's mother, Mrs. Irene Ball, 629 East Tenth, returned Wednesday morning from an extended trip through the western states. From Washington, Victoria, Canada, South Dakota, and continued home on the northern route. Among the many points of interest they visited was Yellowstone National Park.

Mrs. Frank Hart, Indianapolis, Ind., as returned once after visiting her sister, Mrs. Marie Woodson, and her brother, Fred Riecke, 526 East Fifth. Mr. Riecke is ill.

Q. C. Bess, Albuquerque, N. M., is visiting Mr. and Mrs. B. B. Bess, 1115 West Third.

Miss Mary Catherine Scotten of route 4, has returned from Kansas City, where she attended the National American Home Economics Association convention. And while there she served as Missouri hostess and attended the Starlight Theatre. Danny Scotten also spent the week visiting relatives.

Mr. and Mrs. Jack Curtis, Caracas, Venezuela, arrived Wednesday afternoon to visit his parents, Mr. and Mrs. Fred Curtis, 401 West Fourth. Mr. Curtis is with a large oil company at Caracas and is on a month's vacation.

He is very surprised to find the temperature higher here than it is at his home.

Mr. and Mrs. Forrest Hood and Miss Birdie Hood, 615 West Second, went to Clinton Thursday to attend the funeral of their aunt, Mrs. Ella Craig Martin.

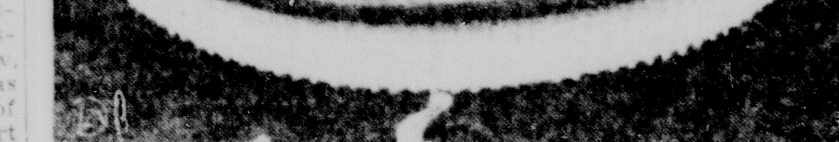

William DeJannette, former Pettis County, who has been living on the west coast the past several years, has returned to Sedalia for an indefinite stay. Mr. DeJannette is recovering from pneumonia and is here to receive medical treatment. He made the trip by plane.

Family Dinner Honors Newlyweds at Houstonia

A family dinner was held Sunday, June 28, at the home of Mr. and Mrs. Clyde Hunter Sr., Houstonia, in honor of the newlyweds, Mr. and Mrs. Clyde Hunter Jr., who are in the service and will leave soon for New York.

Others present were: Mr. and Mrs. Walter Hunter, Mr. and Mrs. Jack Hunter, Sedalia; Mr. and Mrs. Alva Hunter, Sweet Springs; Mr. and Mrs. J. D. Hunter, Mr. and Mrs. Carl Martin and family, Miss Marlene Carver, Mrs. Roxie Hunter, Mrs. Dave Shier.

Each family contributed a covered dish to the noon meal.

C'MON IN, THE WATER'S FINE—A misfortune with a happy ending is shown in this group of kids enjoying the backyard swimming pool of polo-stricken Adele Poundexter, 2-year-old of Skokie, Ill. A manufacturer heard of Adele's plight and donated the pool so she could get the needed exercise. The "coming out party" was appreciated by all the kids in the neighborhood as well as Adele. She is in her little private tub in center of pool.

New Way to Pack a Picnic Lunch

By CECILY BROWNSTONE
Associated Press Food Editor

Here are 30 sandwiches with something as venerable as a picnic. Much as you may love old-time ways, we're suggesting you be flexible and try something new. Yes, divorce yourselves from old-fashioned picnic baskets and go off with some up-to-the-minute picnic trays.

Leave the twigs on the trees, the snowed in the water, and the shells on the beach. We promise you there'll be no more sand in your sandwiches if you pack individual picnic lunches in plastic caddy trays.

The tray sections will hold picnic food and accessories neatly. Put your sandwich filling in split frankfurter rolls and keep the rolls in one of the long sections. Carrot and celery sticks and radishes can go into another section; a cupcake and a picnic tumbler into another; fruit into still another. That leaves room for a paper napkin and any cutlery that might be needed for food that's to be eaten outdoors. The trays may be slipped into picnic bags and packed in the refrigerator. When you're ready to leave, the trays may be stacked in a basket.

Here are two sandwich fillings that will taste good in frankfurter rolls:

Cheese and Dried Beef Sandwich Filling
Ingredients: 1/2 cup grated sharp cheese, 1/2 cup packed, finely packed, 1/2 cup chopped dried beef, 1/2 cup mayonnaise or mayonnaise-type salad dressing, 2 tablespoons finely diced celery, 2 tablespoons sweet pickle, 1/4 teaspoon onion salt.
Method: Mix cheese, dried beef, mayonnaise, celery, pickle and onion salt. Makes almost a cup—enough filling for 4 sandwiches.

Ham and Egg Sandwich Filling
Ingredients: 2 hard-boiled eggs Method: Mix eggs, ham, mayonnaise, pickle and mustard. Makes almost a cup—enough filling for 4 sandwiches.

Addressing 2 teaspoons prepared mustard.
Method: Mix eggs, ham, mayonnaise, pickle and mustard. Makes almost a cup—enough filling for 4 sandwiches.

Like Is Manuevered Away From Surprise Anniversary Buffet

WASHINGTON, D. C. — Usually when President Eisenhower returns from overseas he goes directly to his White House dining room, but Wednesday he was manuevered into going back to his office for a while.

The reason: A surprise buffet party was in preparation and nobody wanted him missing in to spend the surprise.

The occasion the 4th anniversary of his marriage to Mamie Eisenhower. Members of the White House staff, one of whom was the President's wife, and his wife's wedding anniversary, but knew nothing of the party in advance.

NEA Delegates Get Look at Resolutions To Be Voted Upon

MIAMI BEACH, Fla. — Delegates to the convention of the National Education Association get their first look today at resolutions to be voted on tomorrow in the last day of business session of the 29th annual convention.

Two proposed resolutions which have been made public by NEA committees would condemn censorship of teachers in American classrooms and call upon teachers to answer all questions freely whenever their loyalty is questioned by investigators.

These are included in the resolutions Committee Report scheduled for presentation today.

Tomorrow's activity, winding up the big convention will include election of officers and addresses by U. S. Atty. Gen. Herbert Brownell and Lewis E. Gough, National American Legion commander.

Mayor Kemp Arrives In New York City On Way to K. C.

NEW YORK (AP) — William E. Kemp, mayor of Kansas City, whose wife, Margaret, died in London last month, arrived by plane today with his daughter, Belinda.

The body of Mrs. Kemp is scheduled to arrive this afternoon to plane. It will be placed aboard a Trans World plane tonight and is scheduled to reach Kansas City at 7:10 a. m. tomorrow.

Funeral services will be held in Kansas City at 4 p. m. tomorrow.

Mr. and Mrs. Kemp went to London late in May for the coronation. While there Mrs. Kemp became ill and died June 27.

Miss Kemp, a Wellesley College graduate, was a student in England on a Fulbright scholarship. She said she did not intend to return to England to resume her studies.

Mayor Kemp and his daughter are due to arrive in Kansas City at 6:15 p. m. today.

Joins 2nd Infantry Division in Korea

WITH THE 2D INFANTRY DIV. IN KOREA — Pvt. Ernest D. Thomas, whose wife, Geraldine, lives on route 2, Bunceton, recently joined the 2d Infantry Division in Korea.

Thomas entered the Army in June 1952 and received basic training at Fort Riley, Kan.

Th son of Mr. and Mrs. Raymond Thomas, Franklin, he was employed by the Butler Manufacturing Co. in Kansas City, Mo., while in civilian life.

The 2d "Indianhead" Infantry Division is most noted for the capture of "Heartbreak Ridge" in October 1951 and for dislodging the Reds from Old Baldy last summer.

It is believed the hot dog, which has become a favorite food through-out America was first served at New York's Coney Island in 1871.

Teacher May Regain Consciousness Soon After Long Coma

RAVENNA, O. P. — Hopes were raised today that a 26-year-old schoolteacher, in a coma since an automobile accident April 19, may soon regain consciousness.

The woman, Miss Helen Foster, when she was thrown out of her car after it skidded on ice and struck a culvert. She was brought home by train May 9.

An Akron physician examined her yesterday and expressed belief that recent movement of her arms and legs indicates she may be gradually regaining consciousness.

The physician, who asked that his name not be used, said the injury was a basal skull fracture with damage to the central brain.

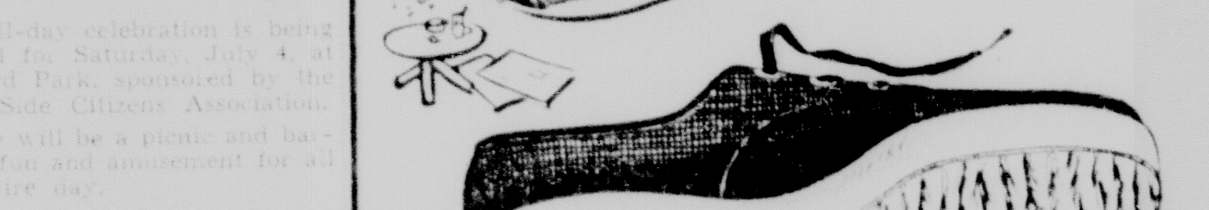

Miss Foster had been teaching two years at Kennewick High School in Kennewick, Wash. at the time of the accident.

Radicals Bomb Bridge, Cut Belfast Power

BELFAST, Northern Ireland.—Irish extremists time-bombed a railroad bridge and Belfast's power supply went dead today, apparently in protest against Queen Elizabeth's state visit to the British-held northern part of divided Ireland.

A bomb on a rail bridge near the southern border blocked all traffic between Dublin and Belfast for several hours. It was an apparent attempt to stop special trains bringing Southern Irish to see the Queen, but the excursions went through on time.

Hours later trouble at Belfast's main powerhouse brought streetcars and trolleys to a halt. Thousands were delayed coming into the city to watch Queen Elizabeth II and the Duke of Edinburgh in a royal procession.

The royal pair arrived yesterday for a three-day visit as part of the Queen's coronation celebrations.

A minority of the Northern Irish are antirealist. They oppose continued partition of the six North Irish counties—a part of the United Kingdom—from the Irish Republic.

A municipal corporation official said the power failure "is serious and may take some time to repair. Engineers are working feverishly to put things right."

He refused to say just what the cause was and would not comment when a reporter suggested sabotage.

The bombed rail bridge was near Newry, 50 miles from Belfast. Except for shunted tracks, there was no damage, railway officials said.

Though police reinforced their guard on the 90-mile route the royal train takes tomorrow from Belfast to Londonderry, the bombers apparently meant no personal harm to the Queen, the lowest point of her route is 40 miles from the blasted bridge.

Special Group Studies Drought In Missouri

JEFFERSON CITY.—A special drought study committee of farm leaders is seeking reports on the seriousness of the drought in each Missouri county.

It was the first step in asking federal aid for those counties where dry weather is forging an ever greater problem for farmers and stock-raisers. The move was decided upon yesterday when farm group delegates met with the state agriculture commissioner, L. C. Carpenter.

Carpenter said he expected some 40 counties would be in bad enough shape to be named disaster areas. The county list will be turned over to Gov. Phil M. Donnelly as quickly as possible with a request that he ask President Eisenhower to include them in the drought disaster area.

In that way, Carpenter said, farmers in those counties would be able to get any special federal aid available.

The farm leaders said yesterday they hoped that few stock raisers in Missouri would find it necessary to sell their herds. They expressed the belief that such action would work a hardship from which it would take Missouri ten years to recover.

Ike Instructs Aid To New Hampshire For Fighting Fires

CONCORD, N. H.—President Eisenhower today instructed the federal Civil Defense Administration to allot \$30,000 to aid in combating New Hampshire's forest fires.

Gov. Hugh Gregg appealed to President Eisenhower for \$100,000 in federal funds after reporting that all available state, county and city funds already have been committed in the firefighting effort.

The governor also asked Eisenhower for such firefighting forces might deem necessary.

Gregg informed the President that more than 4,000 acres in Central New Hampshire and the White Mountains have been destroyed in 29 fires caused by lightning since June 22.

Firefighters from Massachusetts, Maine and Vermont as well as crews from the Navy and the National Guard are assisting in the efforts to snuff out the woodland blazes.

Boy Drowns In Well When Boards Cave In

MACON.—Robert Payton, a five-year-old boy, drowned yesterday when he fell into a well at the home of his parents near Elmer, Mo.

He fell through some boards covering the opening. The accident was reported to the mother, Mrs. Robert Wayne Payton, by a younger brother.

Robert, 14, a Kansas City boy visiting his grandparents, went into the well and recovered the body. He tried artificial respiration, but his efforts were in vain.

Fain, a Boy Scout, was visiting his grandparents, Mr. and Mrs. Sam Parker.

Columbian Is Named Heart Group Director

KANSAS CITY.—William G. Green, Columbia, Mo., has been appointed executive director of the Missouri Heart Association.

Headquarters of the association will be transferred to Columbia from Kansas City Aug. 1. Green has been manager of the health division of the Missouri Farmers Association Insurance Company at Columbia.

OBITUARIES

Mrs. Cora Ethel Kidd

Funeral services for Mrs. Cora Ethel Kidd, who died June 29 at the home of her daughter, Mrs. Ruth Helwig, 933 Bridge Road, San Leandro, Calif., were held at 2 p. m. Thursday at the Garden Chapel of the Pratt-Flier Mortuary of Hayward, Calif., with closing services at the California Crematorium.

Mrs. Kidd had been a resident of Sedalia most of her life but for the past four years had made her home with her daughter in San Leandro. She was a native of Red Cloud, Nebr.

Surviving besides Mrs. Helwig are three other children, J. Beverly Kidd of Springfield, Mo., Charles R. Kidd, Los Angeles, Calif., and James K. Kidd Jr. of Edwards, Calif., five grandchildren and five great grandchildren.

Mrs. Ella Breshler

Mrs. Ella Breshler, 80, former Sedalia resident, died at the home of her son, Charles in Kansas City, early Thursday morning. She had been ill for a number of years.

She is survived by her son, five grandchildren and several great grandchildren.

The body is at Ferguson Funeral Home and funeral arrangements have not been made.

Ernest A. Fischer

Funeral services for Ernest A. Fischer, 72, who died at the Wetzel Hospital, Clinton, Tuesday, were held at 2 p. m. Thursday at the Reser Funeral Home in Lincoln and at 2:30 p. m. at the Emmanuel Lutheran Church, with the Rev. Beck officiating.

Burial was in the church cemetery.

Claus Henry Eckhoff

Claus Henry Eckhoff, 74, 1016 South Montclair, died at 3:20 p. m. Wednesday at Trinity Lutheran Hospital in Kansas City, where he had been a patient the past week. Mr. Eckhoff had been in poor health the past 12 years.

He was born in Lincoln, Mo., Feb. 28, 1879, son of the late William and Anna Eckhoff. He moved to Sedalia in 1911 from Benton County and has been a resident here since.

Mr. Eckhoff was married to Mary Grabau in November of 1911.

He was a member of the St. Paul's American Lutheran Church of Cole Camp.

Surviving besides his wife, Mary, of the home, are: four children, William of Girard, Kan., Carl of St. Joseph, Mo., Otto of Cole Camp and Ernest of Ionia, Ia.; two daughters, Mrs. Mary Ellen Lockwood, Mrs. Ed Baker of Independence, Kan., Miss Emma Eckhoff of Kansas City, Mrs. Edwin Meier of Cole Camp and Mrs. W. G. Jaekel of 636 East Broadway.

Funeral service will be at the Gillespie Funeral Home at 2 p. m. Friday with the Rev. H. Renz, pastor of the St. Paul's American Lutheran Church of Cole Camp, officiating.

Russell Maag, staff soloist will sing "What a Friend We Have in Jesus" and "The Lord's Prayer," accompanied by Miss Lillian Fox.

Palbearers will be: Dr. E. C. Snavely, I. W. Richardson, P. L. Viebrook, Fred Brink, Paul Hausman, and Carl Oswald.

Burial will be in Memorial Park Cemetery.

Mrs. Cora E. Kidd

Funeral services for Mrs. Cora E. Kidd, formerly of Sedalia, were held Thursday at 2 p. m. at the Pratt-Flier Mortuary in Hayward, Calif.

Mrs. Kidd was staying with her daughter, Ruth, in San Leandro, Calif., at the time of her death.

Mrs. Ella Craig Martin

Funeral services for Mrs. Ella Craig Martin, 85, who died at her home in Clinton, were held Thursday at 2 p. m. in Clinton.

Burial was in the Englewood Cemetery.

Mrs. A. D. Aiken

Funeral services for Mrs. A. D. Aiken, who passed away at her home, 209½ West Sixth, Tuesday, were held at 4 p. m. Thursday at the McLaughlin Funeral Chapel.

The Christian Scientist service was read by Mrs. Lolla Bailey. Organ music was by Miss Martha Scott.

Burial was in the Crown Hill Cemetery.

Palbearers will be R. F. Rohn, I. H. Reed, M. J. Shea, E. M. Stafford Jr., and W. A. Schien.

St. Louis Packers Show Low Supply Of Pork And Lard

ST. LOUIS.—The smallest inventory of pork and lard in weeks of St. Louis area packers for this season since 1946-47 was reported today by the St. Louis Live Stock Exchange.

The exchange said figures from the six leading packers in the area show that only 12,676 tons of pork and 2,708 tons of lard were in storage yesterday.

Saturday hog receipts at nearby National Stockyards Ill., last month totaled 172,002 head, lightest for the month since 1946.

The exchange said figures from the six leading packers in the area show that only 12,676 tons of pork and 2,708 tons of lard were in storage yesterday.

First American movie was made at Coner Island, New York, not in Hollywood.

Uncle Ef

East St. Louis Ill.—About 125 drivers and mechanics employed by the East St. Louis City Lines, Inc., are scheduled to vote today on whether a strike law should be issued against the transit firm.

Negotiations between the union and the company have been under way for some time with disagreement arising over the union's demand for a five-day week, with the same take-home pay as paid now for a six-day week.

The issues involved are the same that brought about an unauthorized walkout which tied up transit lines in St. Louis.

Ike Signs A Brochure On Heritage

WASHINGTON.—President Eisenhower affixed his signature today to a solemn declaration that "the heritage of freedom which we cherish as Americans is from God."

The signing of the large leather-bound brochure touched off a year-long "March of Freedom" sponsored by the National Association of Evangelicals "to emphasize the fact that freedom depends on faith in God."

Earlier, the president issued a proclamation calling on Americans to observe July 4 as a day of penance and prayer.

Today, as he signed the freedom declaration, Eisenhower remarked:

"This is the kind of thing I am glad to do."

He added, in reference to the document: "The fundamental ideas expressed here are the foundation stones of our country. This is a deep, profound and simple idea—like most great truths."

The declaration, to be signed later by other leading government officials, cites the seven "divine freedoms" guaranteed in the 23rd Psalm—freedom from want, from hunger, from thirst, from sin, from fear, from enemies and, finally, the freedom to live abundantly.

Asserting that "the forces of evil in the world are bent on destroying our religious freedom as guaranteed by the constitution," the declaration says America "needs to be reminded of its great spiritual heritage and its responsibility to Almighty God as its sovereign ruler."

The declaration concludes: "We do therefore affirm that the heritage of freedom which we cherish as Americans is from God, who is the author of seven freedoms in the 23rd Psalm, and—"

"We do further affirm that only those who have an obedient faith in God are assured of freedom and the abundant life, and that only those nations will live and be free whose people have this faith."

Sen. Carlson (R-Kan.), Rep. Judd (R-Minn.) and a group of clergymen and laymen active in the "March of Freedom" attended the signing ceremony.

Says Asian Countries Pose Most Important Economic Problems

ST. LOUIS.—A Department of Commerce official said here last night that the over-populated and under-developed countries of Asia pose the most important long range problems in international economic relations.

Walther Lederer, of Washington, D. C., acting chief of the department's balance of payment division, said even a small rise in the presently very low life expectancy of those countries will necessitate an enormously increased food supply.

Speaking at a workshop at Washington University, Lederer said the problems of Europe do not appear as deep-seated as those of Asia.

"The problems of international economic relations with which we are confronted are too broad and too intertwined with political problems of the utmost importance to be approached from the narrow aspect of immediate economic benefit to us," he said.

Announces Rent Hikes Up to 10 Per Cent In Public Housing

ST. LOUIS.—The St. Louis housing authority announced today that rent increases ranging up to 10 per cent are in prospect for tenants in 136 public housing units here.

The rent hikes will come under an order issued in Chicago by William E. Burger, regional public housing director.

John J. O'Toole, executive director of the St. Louis housing authority, said he had not received instructions as to which of the 2,019 occupied units here will be affected.

Tenants in 349 units at East Afton, Ill., also will be affected. Exceptions to the planned increases include trailer units at Ft. Leonard Wood, Mo.

Says State Farmers Sacrifice Top Crop For Lack of Storage

COLUMBIA.—F. V. Heinkel, president of the Missouri Farmers Association, declared today that Missouri farmers, in the process of harvesting a record wheat crop, are sacrificing it at prices from 75 to 75 cents below price support levels because of a lack of storage space.

Heinkel placed the blame on the United States Department of Agriculture for failure to appraise the storage situation and to take action to protect the grain growers.

"This is costing Missouri farmers up to one-third of the income from their wheat crop," Heinkel said. "The wheat will be left on the main street in every hamlet in this state."

First American movie was made at Coner Island, New York, not in Hollywood.

A license to sell 32 beer was issued to Ella Ruth Lugin for the Hilltop Cafe, route 1. The license expires Nov. 12, 1953.

A license to sell 5 per cent beer was issued to Mary Prime for Ben's Barbecue, 204 South Vermont. The license expires Dec. 31, 1953.

Boy Refuses To Leave Bed For 3 Years

GLOUCESTER, England.—Kenneth V. Wherratt, really did have a purple passion—to get out of bed in the morning.

One day in 1950 Kenneth, then 15, decided he simply wasn't going to do it any more.

Kenneth didn't get up the next morning, or the next, or the one after that, or in fact until yesterday when the police came.

Police had been summoned by neighbors, who wondered what ever became of Kenneth. They found Kenneth snug in bed, engrossed in a comic book.

His mother said there didn't seem to be anything wrong with her son now. He just wouldn't get out of bed.

The police removed Kenneth to a hospital where the tentative verdict of the doctors was: "sane and healthy, but suffering from chronic inertia."

Mrs. Wherratt, 30, wife of a liquor, told newsmen: "Every morning after breakfast I would call to him, 'are you going to get up?' and he would shout back 'leave me alone.'"

"Kenneth was lazy from the day he was born. Until he was 2½ years old he wouldn't even walk. Couldn't budge him out of his high chair."

"I took him to a children's hospital, but they told me 'nothing wrong with him. Just lazy.'"

"Well, the older 'he's due to be called up for the army in a few months time. I hope they'll make a man of him. Surely he'll have to get up when they blow the morning bugle.'"

The hospital doctors decided to keep Kenneth around for a while for observation. The nurses tucked him snugly away again in a nice soft bed.

Roy Jett Hurts Hand Working in Shops

Roy R. Jett, route 5, received injuries to his left hand Thursday about 9:45 a. m. while working at the meat shop at the Missouri Pacific Shops.

Jett was said to have caught his hand in a brake on one of the coaches on which he was working.

He was taken to the Bethesda Hospital where he was attended by Dr. W. A. Beckenmeyer. It was found that he had fractured some of the fingers on his left hand.

He was later sent to the Missouri Pacific Hospital in St. Louis for observation.

Woman Fractures Hip In Ditch Near Home

Mrs. Maude Burton, Green Ridge, fell in a side ditch near her home about 7:30 a. m. Thursday and received a fracture of her left hip.

Mrs. Burton remained in the ditch for nearly three-quarters of an hour before she attracted the attention of some neighbors, who called a doctor from Green Ridge.

She was brought to the Bethesda Hospital where she was treated by Dr. J. W. Bigger.

Doors Opened on New Kind Of Medical Research Center

WASHINGTON.—The government threw open the doors today to a new kind of medical research center devoted to conquering such killers as cancer and heart disease.

Secretary of Welfare Housing for the National Institutes of Health with these words:

"This center is a new evidence that the American government continues to be responsible to the people and to the needs of the people."

The 14-story structure, five years in the building, is in the rolling countryside near Bethesda, Md., a Washington suburb. Congress provided funds for construction and will vote money for operating costs.

The center's first patients, eight women suffering from cancer, will be admitted Monday—the first of a capacity of 500 non-paying patients.

"They will be the best-studied patients in the world," said Dr. W. Henry Sebrell of Petersburg, Va., head of the National Institutes of Health, an agency of the Public Health Service.

"It is not a hospital. You don't get in just by being sick. You don't get in for medical care. You get in only for research."

He described the center as a revolutionary stride in medical research where "for the first time in history we will be able to integrate laboratory and clinical research so that there can be a complete study of the chronic diseases that kill men."

Research at the center will touch seven major fields: cancer, heart disease, arthritis, mental ailments, epilepsy, rheumatic fever and dental diseases.

Several things about the new clinical center are unusual. All the patients will be volunteers, although one does not get in merely by asking to.

Only persons recommended by physicians, hospitals or medical schools will be admitted," said Dr. John W. Trautman, director of the center. "Most of these will come from the eastern seaboard and nearly all will come to fulfill a special requirement."

Sebrell added: "Every step of their treatment will be explained to them as we go along. And they may leave anytime they wish."

In advance of the dedication, reporters taken on a tour of the center saw a magnificent air-conditioned building divided roughly into three sections: rooms for patients, service areas and laboratories.

The patients' quarters look like rooms of a fashionable hotel, each has a private bathroom. The furniture is blond and modern. Color schemes are restful. Patients who can walk will have studio beds, desks, their own dining room.

We want this building to look as little like a hospital as possible," Sebrell said.

Even the hospital touches are out of the ordinary. A patient, by pushing a button, can talk to a nurse through an intercom system without having her run down the hallway.

There is an added button behind the beds. If it's turned one way, patients' conversations with their roommates can be heard by doctors. Flipped another way, it gives the patients privacy.

Ike's Claims Arouse Jeers From Democratic Quarters

WASHINGTON.—President Eisenhower's claim that his party is showing it can take over responsibility and get a progressive program before the people today brought democratic jeers of "what program?"

But Sen. Ferguson (R-Mich.) said this session of Congress may gain a coveted place in history "by not passing too much legislation."

He said spade work being done for a transition from Democratic to Republican philosophies of government will show legislative results next year on social security expansion, an international trade program, revised tax structure and many other measures.

"We Republicans are working out the basic changes in government we promised in last year's campaign," Ferguson said. "I agree with the President that good progress is being made along that line."

Sen. Taft of Ohio, the majority leader, said he agrees with the President that it is necessary for all of the Republicans to go along on everything that Eisenhower proposes.

Army Promises To Try To Save Ordnance Works

WASHINGTON.—The Army has told Sen. Symington (D-Mo.) that it will "do what it can" to keep the Missouri Ordnance Works at Louisiana, Mo., in operation.

Symington made public today a letter from Secretary of the Army Robert T. Stevens saying the Army plans to dispose of the plant but has not decided whether to sell or lease it.

In either case, Stevens wrote, "we intend to take such steps as are open to us to insure the prompt activation and continued operation of the facilities."

As you will appreciate to some extent, the property will pass beyond the control of the Army if it is sold to a private.

It is for that reason not possible for me unqualifiedly to state that the property will in fact be operated... but the army will do what it can to that end.

"If the plant is leased rather than sold then the lease will be required to return the property to the government if it is not operated."

Symington and Rep. Cannon (D-Mo.) have urged that the ordnance works be sold or leased to a company which will maintain employment for workers in the northeast Missouri area.

Built in 1941 to make ammonia for explosives, the plant recently has been the site of government experimental production of synthetic gasoline from fuel.

St. Louis Increases Its Population 91,000 Since 1950

ST. LOUIS.—The population of metropolitan St. Louis has increased by about 91,000 persons since 1950.

This is shown in a study of population trends of the 14 largest metropolitan areas made by the Chamber of Commerce of Metropolitan St. Louis.

The 1950 census put the St. Louis area population at 1,681,281 persons. The Jan. 1, 1953, estimate is 1,772,690 persons, a gain of 91,319.

The metropolitan area consists of the city of St. Louis and St. Charles counties in Missouri and St. Clair and Madison counties in Illinois.

In percentage of increase since the 1950 census St. Louis ranked sixth with an increase of 5.4 per cent.

Warrenton Approves School Expense Levy

WARRENTON, Mo.—Voters in the Warrenton area have approved a levy of 75 cents per \$100 assessed property valuation for school operating expenses.

The levy was approved by a margin of 198 votes at a special election Monday. Voters in the Warrenton school district had defeated the measure in two previous elections.

He Didn't Go Overseas To Lose--

Jim Believes Only Weather Can Nip Ben In British Open

Fifth and last of a series written for NEA Service
By Jimmy Demaret
3-Time Masters Champion

CONCORD INTERNATIONAL, N. Y. — Ben Hogan didn't fly to the British Open Championship to lose.

There's only one thing which can keep Ben from winning at the seaside links that is Carnoustie, Scotland, July 8-10 — the weather.

The weather can change violently during the day. That's why British golfers always walk like they were bucking wind. A fellow can go out in the morning in a suit and tie, and in the afternoon clear up or vice versa. The difference right there could be seven strokes. Superior golfers rarely beat themselves under such distressing conditions. The weather beats them.

But if Hogan gets a halfway break in starting time, he'll show the Scotsmen the greatest rounds they've ever seen.

At one time the wind bothered Hogan, even though he was used to the Texas variety, and it blows down there, too. That was when Ben actually weighed 140 pounds, but he has filled out to a very solid 165 and long since conquered wind.

He closed out this year's Colonial Invitation in Fort Worth with a 67 and the wind was blowing 40 miles an hour. The better players move up in the wind and he is a master at keeping the ball low. He has the game and the intelligence to adjust himself to any situation.

The smaller ball they use on the other side — 1.62 inches in diameter — will help Hogan. With it, he has even more control and distance in the wind. The smaller ball not only puts better, but the target is that much bigger.

Hogan was on the ground two weeks ahead of the first qualifying round to adjust himself to the conditions.

As a player, Hogan is a legend in the British Isles because he has never participated in a tournament there. He is not entirely a stranger, however, for the year of his frightful accident he was the non-playing captain of the 1949 Ryder Cup team that beat the British at Ganton, Eng. I was on that team, and Ben did a great job. The English liked him as the Scots do now.

When told that the Bruce Hotel, where he is staying now, was near Carnoustie's first tee, Hogan was delighted.

"I'm always afraid of being late," he said.

When Hogan finishes a round in a tournament, he goes over it very carefully stroke by stroke and holds by hole before signing his card for the scorer.

That's all he worries about — being there for the start and being correct at the finish. The tournament itself doesn't concern him.

Hogan is a chain cigarette smoker while executing his strokes of death and only six months ago affected a holder, which he hands to and takes from his caddy before and after shooting.

Hogan's been accused of being a penny-pincher, which isn't true. He's invested wisely, but lives well.

I call Hogan the Ziegfeld of the Kitchen. Ben's as particular about his food as with his golf. He's the original food-checker. I don't believe he ever went into a restaurant for a steak without sending it back to the kitchen to have it broiled just right. He broils a pretty fair steak himself, as what Texan can't?

After it got rolling, the firm of Hogan and Demaret was never beaten in foursomes. We won four Miami Internationals and as many Inverness Round Robin 4-balls.

We are undefeated playing together on Ryder Cup teams—in Portland, Ore., in 1947 and at Pinehurst in '51. We have never lost a point as members of Ryder Cup teams. We played together on Bobby Jones' and Gene Sarazen's American challenge teams against Ryder Cup teams in Detroit in 1940-'41 and won.

But I'm proudest of the fact that I've been able to call Ben Hogan my partner.

Baptists Play MoPac Softball Team Tonight

East Sedalia Baptists will play against Missouri Pacific Softball team at 8 p. m. tonight at Center Park. The Baptists lost 10-3 at the last encounter with the railroaders and this was their only defeat so far this season. Wayne Morton will be on the mound.

"BEN HOGAN'S not going over to the British Open to lose!" — JIMMY DEMARET

Chiefs Tangle With Redbirds At Liberty Park Friday Night

After decisively proving their superiority in Central Missouri Ban Johnson circles here last Friday, the Sedalia Chiefs will tangle with the Jeff City Redbirds, one of the state's more powerful independent teams, here Friday night.

This contest will mark Manager George Thompson's club's last tilt before they play host to the All-Stars under the Liberty Park lights July 8.

The Redbirds are no strangers to Sedalia baseball followers. Only last year they placed second in the Missouri Semi-Pro Tournament held here.

This year's Redbird team, formed around 1952 veterans, has added several outstanding youngsters and after a slow start, has begun to roll.

Only last Friday night, they swept a twinbill from Mokane and Tebbets, winning the first, 11-2, and the latter, 13-4. Frank Koetting fired a four-hitter in the second game and Gene Finley allowed only six in the opener.

Jeff City's hitting stars in the doubleheader were many, including Art Mueller, Cotton Maxey, Pete Kutz, Max Werner, Sommer-

er and Backers—all these names are familiar to local fans.

Thompson will send Don Delph, who compiled a 6-1 record with the Smith-Cotton Tigers this season and nearly put them in the state high tourney finals, against the Jefferson City sluggers.

Since the Redbirds are semipro, the Chiefs will not use two members of the Junior League squad who regularly start for the Chiefs — they are shortstop Eoppy Case and catcher Larry Mines.

The Chiefs lineup will be as follows:

1B—Don Higgins.
2B—Bob Lane.
3B—Jim Fall.
4B—Sonny Thomas.
5B—Buck Bennett.
C—Carl Miller.
RF—Dick Dillon.
LF—Bill Arnold or Dean Edwards.
P—Don Delph.

Game time will be 8 p. m. at Liberty Park.

Tom Blair Hangs On To Lead In State Golf Tournament

SPRINGFIELD, Mo. (P) — The Missouri state golf tournament swings into second round play today with defending champion Jim Tom Blair III leading the parade to the first tee.

The Jefferson City golfer is paired with Russ Smith of St. Louis in the first match of upper bracket play.

Other officers of the club, all from Hannibal, are: William Frier, vice-president; Miss Suzanne Hawkins, secretary; and Bob Briscoe, treasurer. Directors are Orland Yates, Melvin Clayton and John Mahoney.

The addition of Hannibal gives the Cardinals 18 minor league franchises. The Cardinals announced the agreement last night.

LaMonte Girls Play Kansas City Skellys

The LaMonte girls softball team will play the Kansas City Skellys on Saturday at Center Park, beginning at 8:30 p. m. Pitching for LaMonte will be Ida Hughes, with her twin sister, Ella, behind the plate.

Yankees Need To Follow Braves' Trail

By BEN PHLEGAR
A Sports Writer

The New York Yankees, who usually don't have to ask anybody for anything, might consider borrowing Charlie Grimm's Milwaukee textbook on "how to start winning when losing."

The Yankees go into today's game at Boston with a chance to set a new "second best" losing record for the club. Their all-time mark is 13 in 1913. The next worse is nine in 1945 and equaled by the 1953 edition in yesterday's 4-0 defeat at the hands of the Red Sox.

The Braves went into a "spin" the same day the Yanks did and they lost eight in a row before righting themselves Tuesday night. Yesterday they won again with ease, 10-2 over Cincinnati.

It looked for awhile last night as if the Braves would vault back into first place but Brooklyn rallied for two runs in the last of the 10th to nip the Philadelphia Phillies, 5-4, and keep their half-game edge.

The third-place St. Louis Cardinals overpowered Chicago, 10-3, in star 2½ games behind. Hal Rice homered in the 11th to give Pittsburgh a 5-3 decision over the New York Giants.

Although they lost again, the Yankees preserved temporarily their vanishing five-game American League lead because the second-place Cleveland Indians also were beaten. Detroit stopped the Tribe's six-game winning march towards first place, 4-2. Chicago's third-place White Sox moved to within 5½ games of the pace-setters as they trampled the St. Louis Browns, 13-4. Washington defeated Philadelphia, 5-3.

The Yankees looked a beaten and bedraggled ball club all the way in boxing at Boston. Their attack was nonexistent, producing only four singles off the southpaw slants of Mel Parnell. Five New York hitters went down swinging and two more were called out on strikes. They were charged with only one error but the defensive play was generally sloppy.

At Rosen sent Cleveland off to a two-run lead in the first inning at Detroit with a home run scoring Dale Mitchell, but Ted Gray stopped the Indians the rest of the way. Bob Lemon wild-pitched one run home, tared the ball away in permitting another and walked the third man who scored.

Stan Musial belted a pair of triples and a single in the St. Louis triumph over Chicago. Gerry Staley breezed to his 12th victory after his mates had gotten him a 7-1 lead at the end of four innings.

Milwaukee's power hitters found the range again at Cincinnati. Sid Gordon started the fireworks with a two-run homer in the first. Eddie Mathews belted his 23rd of the season, with a man on, in the third and Joe Adcock contributed a bases-empty blast in the eighth. Mathews moved into the league home run lead.

At Cincinnati, Sid Gordon started the fireworks with a two-run homer in the first. Eddie Mathews belted his 23rd of the season, with a man on, in the third and Joe Adcock contributed a bases-empty blast in the eighth. Mathews moved into the league home run lead.

Rotary Into Lead, Beats Kiwanis: Jaycees Move Up, Defeat The Elks

Rotary went back into top spot in the Nationals of the Little League Wednesday night, when it defeated Kiwanis 12-10, while the Jaycees moved up to third place by defeating the Elks 10-4. Until Wednesday games the Rotary and Elks were tied for top spot and the Jaycees knotted for third and fourth place.

In the first tilt the Jaycees took off on the Elks, taking advantage of errors in all but the fifth inning. They tallied two runs in the first, one in the second, five in the third, one each in the fourth and sixth innings. The Elks confined their scoring to three in the third and one in the sixth.

Walks and errors were the downfall of the Elks team, which played most of its roster in an endeavor to stop the tidal wave of Jaycees runs.

Rotary Takes Kiwanis
The Rotary Club had one big inning, the sixth, which was quite enough to overcome the Kiwanis lead and they went on to win 12-10. Other than the one big stanza the Kiwanians had the Rotarians well under control.

Ray went the route for the Kiwanis Club and was doing a great job on the mound until that fatal inning when four walks and five bunched hits wrecked the evening. His teammates made a gallant battle in the bottom of the inning to beat back in the game, scoring four runs, but to no avail.

Rotary's sixth inning was quite enough to overcome the Kiwanis lead and they went on to win 12-10. Other than the one big stanza the Kiwanians had the Rotarians well under control.

Rotary's sixth inning was quite enough to overcome the Kiwanis lead and they went on to win 12-10. Other than the one big stanza the Kiwanians had the Rotarians well under control.

Mrs. Biester Takes Over Mint Helm

PHILADELPHIA — Mrs. Rae V. Biester, a suburban Drexel Hill housewife who gets up at 6:45 a. m. to cook breakfast for her husband, reported for duty today as head of the U. S. Mint here.

Appointed recently by President Eisenhower, Mrs. Biester was sworn in yesterday—the first woman in the nation's history to head the Philadelphia mint.

One of her first tasks as superintendent was signing a receipt for the \$60 million dollar property, including the building, coins and machinery.

What does she think of her double life—running the mint and cooking for her husband William, president of the Electro-Construction Company of Philadelphia?

"Well," she says, "I think I've struck a happy balance."

Actually she spent her first day on the job June 15, watching representatives of the U. S. Treasury begin their annual audit.

Four days before that she was kept busy packing files and cleaning out her desk in the Delaware County Courthouse at nearby Media, Pa., preparatory to leaving her job as chief deputy county treasurer.

Mrs. Biester became active in American Legion work shortly after her marriage in 1921 and was elected president of the Legion's Auxiliary at a convention in Chicago in 1934.

She entered Republican politics in 1947, running for and being elected to her first public office—county treasurer. The law prevented her from succeeding herself in office so she accepted the position of deputy last January.

She is credited with overhauling operations in her office and installing methods that were copied widely by other counties throughout Pennsylvania.

She was a delegate to the Republican National Convention in 1952, backing Eisenhower.

Happiest when she's busy, which is close to every waking moment, Mrs. Biester has no trouble combining home life with outside work. Only occasionally does she employ part-time help for household chores in her attractive suburban home.

"I do all the cooking myself," she said. "I think every wife should."

Protests Charges That Landlords Plan High Rent Increases

ST. LOUIS — A protest against charges that many landlords plan exorbitant rent increases here after controls expire July 31 has been made by the president of the St. Louis Property Owners Association.

Mrs. Kathryn Cross said yesterday: "These big raises are only spot raises. There have been notices of a few exorbitant raises to get out undesirable tenants."

Labor officials last week said they had received complaints from some St. Louis residents that their rents would be doubled, or in some cases tripled, when controls expire.

Mrs. Kathryn Cross said yesterday: "These big raises are only spot raises. There have been notices of a few exorbitant raises to get out undesirable tenants."

Labor officials last week said they had received complaints from some St. Louis residents that their rents would be doubled, or in some cases tripled, when controls expire.

ST. LOUIS — A protest against charges that many landlords plan exorbitant rent increases here after controls expire July 31 has been made by the president of the St. Louis Property Owners Association.

Mrs. Kathryn Cross said yesterday: "These big raises are only spot raises. There have been notices of a few exorbitant raises to get out undesirable tenants."

Labor officials last week said they had received complaints from some St. Louis residents that their rents would be doubled, or in some cases tripled, when controls expire.

TRAFFIC THROUGH THE IRON CURTAIN—Pedestrian traffic moves on Berlin's Prinzessstrasse between Kreuzberg borough in the American sector (foreground) and Mitte borough in the Soviet sector of the divided city as Soviet restrictions appeared to be easing following recent East Berlin uprisings. An East Berlin people's police checkpoint is established at the intersection in upper center where passes were distributed freely. (AP Wirephoto.)

Woman Is Shot Fatally, Police Hunt Teen-Ager

WICHITA, Kas. — A 45-year-old Wichita housewife was shot to death and a 16-year-old boy wanted for questioning was arrested by Missouri authorities last night a few hours after the woman's body was found.

Dobert Davidson, the husband, discovered the body of Mrs. Violet Davidson when he returned home from work last night. Police broadcast a pickup order for Kermit A. Frame, who lived with the Davidsons and who was missing with the family car.

Missouri State Trooper E. V. Nash said the Frame boy was arrested at Harrisonville, Mo., after a service station attendant at Passaic, Mo., notified state police.

The attendant said a youngster answering Frame's description had driven off without paying for the gas he had ordered, Nash reported.

Mrs. Davidson was shot in the head with a pistol. She was found on a bed in the basement of the house.

Nash said he understood Frame was her nephew.

Agency Signs Contract To Back Bond Issue

ST. LOUIS — The bi-state development agency has signed a contract to locate possible purchasers for the agency's first bond issue.

The issue, one and one-half million dollars in revenue bonds, is to finance the agency's first project—the building of a harbor at the Chain of Rocks canal.

State Dept. Has Fired 107 Questionables

WASHINGTON — A House committee learned today that 107 State Department employees have been fired this year as a result of investigations concerning homosexuality or questionable security.

The information came from R. W. Scott McLeod, State Department security officer in a letter to the House Government Operations Committee.

It was made public by Rep. Brownson (R-Ind.), who sought the report recently.

McLeod also said—in reply to a direct inquiry—that the department does not have any records identifying the 57 persons who were referred to by Sen. McCarthy (R-Wis.) as Communists in a February, 1954, speech.

McLeod said he realized his answer "is not completely responsive." But the fact was, he said, a search of all files has "failed to disclose such a list."

"I might point out that Sen. McCarthy did not identify the individuals except by number in his speech," McLeod added.

McLeod told the committee he was "reluctant" to come up with "a categorical answer" to the question: "Are there any Communists now employed in the State Department?"

"I must always presume," he wrote, "that the Soviets are attempting to penetrate an agency as sensitive as the State Department, and I may never conclude that their efforts have been unsuccessful."

"I believe that it goes without saying that no Communists, known to the security officer as such, are on the rolls of the department at this time."

Of 107 dismissals this year, 74 followed investigations of homosexuality, McLeod said, and involved some security question. He gave this breakdown:

Dismissals for homosexuality—34 in 1950, 119 in 1951 and 134 in 1952; dismissals for security reasons—12 in 1950, 35 in 1951 and 70 in 1952.

Hoover Lauds Ike's Overseas Food Plan As Humanitarian

NEW YORK — Former President Herbert Hoover says President Eisenhower's proposal to send American surplus food abroad "will bring results in saving human life and building friendship."

Hoover, head of European food relief after World War I, said yesterday in a statement.

"Twice before, after both World Wars I and II, the skill and energy of the American farmer and the generosity of our people have saved uncounted lives."

Describing as a "constructive recommendation" the President's request to Congress for authority to distribute surplus food to famine areas overseas, Hoover added:

"An additional reason could be given. These surplus food accumulations of our government are perishable, and to withhold them until they spoil is unthinkable."

House Will Decide Wheat Cutback Size

WASHINGTON — Congress held the key today to the size of the cut in production which wheat farmers will be asked to make next year under rigid government marketing controls.

Secretary of Agriculture Benson yesterday issued a proclamation invoking marketing quotas on the 1954 wheat crop to prevent an increase in surplus.

But he held off announcing the size of planting allotments and marketing quotas to give Congress additional time to pass legislation which would make the cutback less severe than the 30 per cent present law requires.

WASHDAY BLUES AT BATTLE FRONT—Two members of a USO show take time off to rinse their undies in a stream only a few miles away from Outpost Harry, near the Korean battle front. They are Gloria Spence, left, of New York, and Carol Ream, of Reading, Pa.

Boom Boosts Daily Sales Of Big Firms to \$1 Million

NEW YORK — In business the boom has been a boon. The boom has tended to get bigger. And the postwar boom has stimulated sales volume to the point where more than 100 companies now do better than a million-dollar-a-day business.

The goods and services they produce touch almost everyone's life. Among them they have millions of employees and millions of shareholders. Still other millions supply them with raw materials and parts and machinery. Tax collectors look to them for the biggest tax checks.

A list of the 100 largest corporations in point of sales and revenues in 1952 is compiled today by the National City Bank of New York. The list ranges from Standard Brands' 383 million dollar sales total to General Motors' 712 billion, a sum the auto company says it'll top this year.

Twenty-eight other companies besides GM topped the one billion dollar sales mark last year. The 100 companies—in the fields

of manufacturing, trade, transportation and public utilities—took in a total of 102 billion dollars of your money last year.

But they paid it all out again one way or another—and borrowed 24 billion dollars more. Their current and long-term indebtedness went up by that amount, the bank says, for replacements and improvements—and expansion—to meet the demands of a nation of 160 million people, growing at the rate of two million annually.

Where else did that 102 billion dollars go? About 57 1/2 billion dollars, or 56 per cent of it, went to other companies who supplied the 100 biggest with goods and services. To their own employees the 100 paid nearly 24 billion dollars in wages and salaries and fringe benefits, or 24 per cent of the total. More than 10 1/2 billion dollars, or around 10 1/2 per cent, went to federal, state, local and foreign tax collectors. Reserves for depreciation took three billion dollars, or 3 per cent, and interest payments one-half billion dollars.

That left the 100 with total net income of more than 5 1/2 billion dollars, or 5.5 per cent of gross revenues. They reinvested almost 2 1/2 billion dollars in their businesses and passed out nearly 3 1/2 billion dollars in dividends to stockholders.

ST. LOUIS — Members of the St. Louis County Home Service and Haulers' Association will meet next week to decide whether to suspend operations because of new county ordinances regulating sanitary landfills.

Ed Zykan, spokesman for the association, said the new regulations are so strict the members believe it impossible to meet them. The meeting is called for next Wednesday.

A week ago the county council passed three ordinances regulating garbage and refuse disposal and landfill operations. They go into effect July 15.

Gas Workers Okay New 1-Year Contract

ST. LOUIS — A new contract effective for one year beginning yesterday has been approved by 2,200 employees of the LaCade Gas Co., members of the CIO United Gas Coke and Chemical Workers Union.

The new contract provides for an increase of 10 cents an hour in wages and various fringe benefits. Cost of the new contract was estimated by a company official at \$500,000 a year.

Home Town Is Critical Of McCarthy

APPLETON, Wis. — Sen. McCarthy was sharply criticized here in his home town yesterday by trustees of Lawrence College for what they called his "unfair and gratuitous attack" on Dr. Nathan Pusey, Lawrence president who is leaving to take over the presidency of Harvard University Sept. 1.

In a letter to a Boston newspaperman made public Tuesday, the senator described Pusey as "a man who has considerable intellectual possibilities, but who has neither learned nor forgotten anything since he was a freshman in college."

Of Pusey's departure for his new job, McCarthy said: "Harvard's loss is Wisconsin's gain," regardless of who takes his place (at Lawrence), it will be an improvement."

Cola G. Parker, chairman of the Lawrence Board of Trustees and president of the Kimberly-Clark Corp., said:

"Those familiar with Lawrence College and the activities of Sen. McCarthy can only conclude that the senator has gone overboard with respect to anyone who exercised his political right not to support McCarthy, or actively to support an opposing candidate."

Another trustee, L. R. Watson, former Eighth District Republican chairman and a long-time leader in Wisconsin GOP activities, said he felt "very badly about the Sen. McCarthy blast at Dr. Pusey."

They asked yesterday through counsel if they could get some heat relief by traveling to Coney Island beaches via subway.

Judge Sylvester J. Ryan denied the application. He said Coney Island is part of Brooklyn—is the Eastern Federal District of New York—while the 12 were convicted in Manhattan, in the Southern Federal District.

If they leave the boundaries of the Southern District, Ryan noted, they would be skipping bail.

And, the judge added, there are "many fine beach areas" in the Southern District.

I do hope that he has been misquoted.

Pusey's only comment was: "When McCarthy's remarks about me are translated it means only—I didn't vote for him."

Judge Says Communists Must Do Their Dipping In His Court District

NEW YORK — A federal judge says—heat or no heat—the 12 second-string Communists free on bail pending appeal of their conspiracy convictions cannot go to Coney Island.

They asked yesterday through counsel if they could get some heat relief by traveling to Coney Island beaches via subway.

Judge Sylvester J. Ryan denied the application. He said Coney Island is part of Brooklyn—is the Eastern Federal District of New York—while the 12 were convicted in Manhattan, in the Southern Federal District.

If they leave the boundaries of the Southern District, Ryan noted, they would be skipping bail.

And, the judge added, there are "many fine beach areas" in the Southern District.

Youth Admits Fatal Stabbing Of Man, Wife

SHELBYVILLE, Ind. (AP) — A 14-year-old Wisconsin youth has admitted the fatal stabbing of a newspaper publisher and his wife at Sturgeon Bay, Wis., he says. "I don't know why I did it."

"I know it's too late to be sorry," the 6-foot, 185-pound youth said yesterday as he signed a statement admitting the slaying of Sumner Harris, 50, publisher of the Door County (Wis.) Advocate, and his wife Grace, 26.

Sherby County Sheriff Robert Metzger said the statement was made by James A. Duranty, who was arrested here early yesterday morning by two policemen who found him sleeping in a restroom at the Courthouse.

Duranty was booked at police headquarters on a charge of voluntary manslaughter after telling police he was married and that he lived in Michigan.

His identity was not established until shortly before dawn, when Sheriff Metzger was called to investigate the report of an abandoned car in a ditch 3½ miles northeast of here.

The car, a late model sedan with Wisconsin plates, contained two suitcases, a suitcase and an eye-glass case with the name "Harris" written in ink on the inside cover.

The sheriff confronted the boy at the jail with the eyeglass case and a suit coat which matched the tweed trousers he was wearing. Then he admitted his identity, the sheriff said, and stated:

"I don't know why I did it. Something up there told me to do it." He pointed to his head.

Metzger said Duranty signed a statement after Wisconsin authorities were notified of his arrest. A first degree murder warrant already had been issued against the boy in Wisconsin.

The sheriff said the boy's statement told of how he went to the Harris home Monday evening and knocked on the door. He said he attacked Mrs. Harris as soon as she answered the door, attempting to gag her with his hand.

His statement said she broke loose and he chased her into the kitchen but she got free again and tried to telephone police. He grabbed a knife "and stabbed her several times," Duranty said. "I think she must have died instantly."

He denied he abused her sexually, the sheriff said. Reports of the slayings said the woman's clothing had been ripped almost completely off.

Duranty said Harris returned home about two hours later, and he said he jumped at the publisher. "I dropped the knife while fighting with him," the boy related, "and he made a lunge for it." He said he recovered the weapon and stabbed Harris. "I don't know how many times I think he died right away too."

Metzger said the boy then told of returning home and writing the note. He then went to the Harris garage, took their car and drove through Michigan and to Indiana.

Duranty waived extradition and was to be picked up today by Door County Sheriff Hallie Rowe.

NEW HOPE FOR STRICKEN GIRL — Six-year-old Cathy Furrers is held by her benefactor, Frank Monaco, beside a Warsaw, N. Y., lake, with Mrs. Monaco at left, Cath, whom doctors gave only six or eight years to live because of a long illness including a cyst on the pancreas, was living with her parents in a New York City flat when the Long Island Press printed a story of her illness and her parents' inability to get a home away from the crowded city. Monaco, a prosperous builder, gave Cathy's dad a job and a summer home near this lake, and Cathy saw a beach for the first time. Now her parents say she feels much better, and they have new hope. Canada Front Cools Only North Section

By The Associated Press

Cool air from Canada and the Pacific brought relief to Northern Midwest areas today but hot and muggy weather continued in most other sections in the eastern half of the country.

The cool air moved eastward and southward and there were indications the North - Central states might get some relief tonight and Friday. The retreating breezes early today extended from the upper Mississippi Valley southwestward through Eastern Nebraska to Western Kansas.

However, hot and humid weather appeared in prospect for wide areas in the eastern half of the country through the Fourth of July holiday week end.

A cooler air mass also covered most of the Great Plains westward to the Pacific Coast but it contained hot in the central section of California.

No break in the sizzling heat appeared in the Southwest and most of Kansas. Fairly pleasant weather was reported in the Northern Great Lakes region and in Northern New England but in the rest of the eastern half of the country it was hot and sticky.

Temperatures again yesterday were in the 90s and above 100 over the wide areas in the Southwest and plains states.

Jay Gould III Weds Singer Lina Romay

HOLLYWOOD (AP) — Jay Gould III, grandson of the late railroad financier, is honeymooning today with singer Lina Romay.

They were married Tuesday at the Westwood Lutheran Church, with only members of their families present. Miss Romay said a larger wedding had been planned later but explained yesterday:

"Our new house was ready, and we suddenly made up our minds not to wait."

The bride, 29, daughter of a Mexican consular official in Los Angeles, formerly was married to John Lawrence Adams, an investment broker. She entered marriage after singing with Xavier Cugat's orchestra.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folk unfortunately develop kidney trouble. Don't wait! Follow the instructions due to old or wrong diet may mean getting up nights or frequent passages. Don't expect your kidneys if they're not better yet. Try Doan's Pills—a mild diuretic. Don't overeat! Be sure you get over 10 years. It's amazing how many times Doan's Pills have helped relieve from these disorders—don't let the kidneys of kidney tubes and filter fluid out waste. Get Doan's Pills today!

DEVON COUNTY SAYS: MEADOWLARK IS MERELY VAIN, NOT STUPID, ABOUT REFLECTION

DAVENPORT, Ia. (AP)—Narcissus the meadowlark now has a "shadow" in addition to his reflection, of which he seems enamoured.

While Narcissus sits on a curb daily singing to his reflection in chrome automobile hub caps, another meadowlark can be seen nearby watching him.

Because the other bird is shy, bird enthusiasts cannot determine its sex. Prevailing opinion, however, is that it is Mrs. Narcissus.

When the strange behavior of Narcissus was first observed it was believed he thought his mate was hiding inside the automobile wheels.

Now the theory has been advanced that he is a vain bird stricken with admiration for his own image. Meanwhile, the missus patiently awaits the end to his foolishness and his return home.

About 20,000 kilowatt hours of electricity are used to produce two short tons of aluminum.

Sorenson Says Field Work Was Needed

EAST LANSING, Mich. (AP)—The best job isn't always done by the fellow who sits in Washington shuffling papers," declared Dr. Frank E. Sorenson, charged with absenteeism during his tenure as head of the Technical Co-operation Administration's education section. Sorenson, who resigned the TCA post a month ago, answered charges here yesterday made by Dr. Thomas R. Fisher, assistant TCA director of education and training.

Fisher, former professor at Syracuse University, told a House government operations subcommittee Tuesday that Sorenson's superior was absent from Washington 34 per cent of the time. He also told the committee that he never had talked with Sorenson more than three minutes and had never been told just what TCA's formal education plan was.

Fisher also claimed that he was paid \$9,600 a year in his TCA post but never had any specific duties. Sorenson answered the charges while lecturing on the Point Four program to technicians at Michigan State College.

"If there is any criticism of my absenteeism from Washington," Sorenson said, "it should be that I didn't travel enough, especially abroad. That type of job requires a lot of field work."

The former education section chief said that Fisher was moved into his department in February last year without his knowledge. Sorenson added that although there was "nothing personal" involved, he asked for Fisher's transfer to another department since his qualifications were not needed. He said that Fisher was given several important projects to handle, including an assignment in Saudi Arabia.

"If he didn't work on them, that's his problem," Sorenson concluded.

Dr. Evans Is Named UNESCO Director

PARIS (AP) — Dr. Luther Evans, chief librarian of Congress, has been elected director general of the United Nations Educational, Scientific and Cultural Organization (UNESCO). The first U. S. citizen to hold the \$18,000-a-year job, he succeeds Jaime Torres-Bodet of Mexico, who resigned last November.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folk unfortunately develop kidney trouble. Don't wait! Follow the instructions due to old or wrong diet may mean getting up nights or frequent passages. Don't expect your kidneys if they're not better yet. Try Doan's Pills—a mild diuretic. Don't overeat! Be sure you get over 10 years. It's amazing how many times Doan's Pills have helped relieve from these disorders—don't let the kidneys of kidney tubes and filter fluid out waste. Get Doan's Pills today!

Robert K. Lester Makes Honor List

Among the students named on the dean's honor list at Virginia Tech was Robert K. Lester of Sedalia. These students named on the honor roll had taken at least 12 hours of studies and had made a 2.4 quality point average out of a possible three.

JERRY WELLS SAYS: MEADOWLARK IS MERELY VAIN, NOT STUPID, ABOUT REFLECTION

DAVENPORT, Ia. (AP)—Narcissus the meadowlark now has a "shadow" in addition to his reflection, of which he seems enamoured.

While Narcissus sits on a curb daily singing to his reflection in chrome automobile hub caps, another meadowlark can be seen nearby watching him.

Because the other bird is shy, bird enthusiasts cannot determine its sex. Prevailing opinion, however, is that it is Mrs. Narcissus.

When the strange behavior of Narcissus was first observed it was believed he thought his mate was hiding inside the automobile wheels.

Now the theory has been advanced that he is a vain bird stricken with admiration for his own image. Meanwhile, the missus patiently awaits the end to his foolishness and his return home.

About 20,000 kilowatt hours of electricity are used to produce two short tons of aluminum.

RIDING HIGH ON SEA OF FOREIGN TRADE—Newschart above illustrates U. S. foreign trade from 1930 to the present. During the 22-year period, only in 1936 did imports exceed exports, but after that exports held the upper hand. Exports rose to high of over \$15 billion during 1952, while imports declined slightly. Difference between what we sell abroad and what we buy abroad is largely the "dollar gap" that plagues foreign nations. Data from National Industrial Conference Board.

They Wear Clothes To Fit the Setting

NEW YORK (AP)—Four Metropolitan Museum employees were scheduled to do some "fancy" picketing today.

The attendants and guards want a \$500-a-year wage boost over their present pay, which ranges up to \$3,400.

Yesterday a spokesman for the employees said the quartet will do their picketing garbed as a caveman, toga-clad Greek, knight in armor, and soldier of the Continental Army.

Cpl. Edwards Will Serve In Far East

By Mrs. Harold Conway
HUGHESVILLE — Cpl. Alfred Edwards, son of Mr. and Mrs. Luther Edwards, who has been stationed in Alabama, left Monday for the Far East. Cpl. Edwards had previously served two years in Alaska and four years in Japan. His wife plans to join him as soon as he is definitely located.

Mr. and Mrs. Will Hoffman had as guests last week their daughter, Miss Ila Mae Hoffman, Columbia; Miss Doris Foley, Moberly and Mr. and Mrs. Will Hoffman Jr. and son, West Lafayette, Ind.

Mr. and Mrs. Walter Kraft have purchased the Kraft homeplace and sold their home in Sedalia.

Susie and Billy Jo Osborn, Wichita, Kan., who have spent the past two weeks with their aunt, Mr. and Mrs. William Kraft and children, left Saturday for their home.

Mr. and Mrs. Everett Vannoy have had as guests in their home the past week Mr. and Mrs. Joe Vannoy, Scottsburg, Ind., Mr. and Mrs. Charles Vannoy and daughters, Sagwell, Tenn., and Mrs. Hugh Gossett and son, Huntsville, Ala.

Richard Meyers, of Columbia, spent the weekend with his parents, Mr. and Mrs. Harry Meyers.

Mr. and Mrs. Leslie Powell and sons were Sunday guests of her mother, Mr. and Mrs. John Ehrlert of Rosebud.

Melvin Kraft and J. Chamberlin have gone to Carrollton where they are farming.

Cadet Mac Conway, one of the three ROTC Missouri University boys from this vicinity, is at Ft. Sill, Okla. At the completion of his schooling at the university, he will serve in the army for a period of two years and will remain in the reserves for six years. The summer training camp is identical to the basic training a recruit receives.

Cold air is capable of retaining less moisture than warm air.

New Glassware Is Practical

BRIDE'S DREAM COME TRUE is an assortment of moderately priced but gracious and practical stemware for special occasions.

BY GAYNOR MADDOX
NEA Food and Markets Editor

Good news for this year's brides—it's no longer socially important to worry about the right or wrong glass. So if you put milk in an iced tea glass or you serve ice cream parfait in a tall Pilsner glass once reserved only for beer, don't worry. It's the thing to do.

If a glass suits its need, then it's correct to use it. Today, with few families having servants, and many homes having too-little storage space, designers are making glasses that are easier to take care of and more practical to use. Also, they achieve beauty at low price.

That's what Freda Diamond of New York told us. She is internationally known as a home-furnishings consultant, glassware designer for Libbey, has been cited for good design by the Museum of Modern Art in New York, represented in the Toledo Museum, the Akron (O.) Institute, the Avery Museum at Hartford, Conn., and at the Paris Exposition (1942).

She probably exercises more influence on the good taste of the

average home - furnishings consumer than any other one person in America.

With our summer brides in mind, we asked Miss Diamond what are the "starting" basic items in glassware for the new homemaker. Here is her experienced answer:

"Four generous-sized tumblers. These can be used for milk, iced tea, iced coffee, lemonade or highballs. Four water goblets (stemware) for fruit - juice glasses (stemware or tumblers) for juices or whiskey sours. Four sherberts (stemware) for desserts, puddings, ice cream, ices, sea food, fruits or champagne. Four cocktail glasses (stemware) for cocktails or wine.

"Other handy additions — the Pilsner which can be used for ice cream parfait or for beer. Also, the jumbo cooler to be used for jumbo iced tea, iced coffee, or ice cream sodas."

Bowers Return Home From Convocation

The Rev. and Mrs. Roy L. Bowers returned Wednesday after attending the Methodist World Convocation on Evangelism at Philadelphia, Pa. They were both official delegates.

They heard such world leaders as Pennsylvania's governor, John Pine; the Rev. E. Stanley Jones; England's Rev. Maldwyn Edwards and the Rev. Harold Roberts. Last Sunday afternoon, at Franklin Field, they witnessed 1,000 new members joining the church before a gathering of 67,000. This was the largest gathering of Methodists in history.

The convocation was in celebration of the 250th birthday anniversary of John Wesley.

On holidays, as every day...
Refresh without filling

Pepsi-Cola is the light refreshment for today's celebrations, today's new kind of hospitality

The modern idea of a holiday is a break for everybody—including a hostess who can relax and join the fun. For the first rule of modern entertainment is that food and drink be plentiful without being heavy, or hard to prepare.

Today's guests prefer it that way. Even the heartiest appetites among them favor the lighter, less filling dishes—to the benefit of their looks, their figures and their health. And today's best hostesses respect this wholesome modern taste.

As Pepsi-Cola respects it, too! Because Pepsi, too, has kept up with the times. That's why today's Pepsi-Cola is dry (not too sweet), reduced in calories—and why Pepsi is today more popular than ever.

This holiday refresh yourself and your guests without filling. Get your week-end supply of Pepsi-Cola today—by the carton or the case.

Pepsi-Cola

The Light Refreshment

Love picnics?

For real enjoyment be sure to take along a plentiful supply of Pepsi-Cola!

NEW ARTIFICIAL RESPIRATION TECHNIQUE, the Nielsen "back-pressure arm-lift" method, which has now been adopted as standard by the American Red Cross, the Armed Forces and the National Safety Council, is demonstrated in these scenes from a new motion picture, "Seconds Count," produced by the Aetna Casualty and Surety Company. The 10-minute movie, which portrays a step-by-step demonstration of the Nielsen method, may be obtained without charge for showings by contacting local Aetna representatives or through the company's public education department at Hartford, Conn. The "back-pressure arm-lift" method increases chances of revival since it pulls fresh air into lungs as well as expelling air from them. In administering it, rescuer rocks forward exerting pressure on victim's back (top photo) and then rocks backwards grasping victim's arms (bottom photo), repeating cycle 10 to 12 times a minute.

Judge Will Hear Motion In Trial Of 7 Communists

HONOLULU (P)—Federal Judge Jon W. today will hear arguments on a motion for a new trial for seven convicted Communist conspirators scheduled to be sentenced Friday.

The motion for the new trial was filed yesterday by Defense Atty. Harriet Bouslog on grounds that one of the jurors joined in the guilty verdict June 19 because he feared economic reprisals against his brothers.

The seven defendants, charged with teaching and advocating the overthrow of the United States government, include Jack W. Hall, Hawaiian director of Harry Bridges' International Longshoremen's and Warehousemen's Union, five other men and one woman. The affidavit filed by Mrs. Bouslog quoted the wife of juror David P. Fuller as telling her "he had to vote guilty to protect his brothers because he was afraid they would be fired if he did not." The two brothers, Leonore and Harry Fuller, are employed by a large firm, the Islaways.

Fuller himself was not available for comment. His wife said he was ill in bed and "has lost his voice."

Mrs. Bouslog said Mrs. Fuller found her husband on his knees the morning after the verdict was delivered.

He was praying, begging God for mercy, saying he had sinned

the Southwest Missouri Annual Conference of The Methodist Church to E. E. Bagby, trustee's deed to one square acre of land in Elk Fork Township, \$525.00.

Cleo L. Boston to Kent L. Darnall warranty deed to property on north side of 16th Street between Prospect and Grand Avenues \$1.00 and other consideration.

Leroy G. Greer and wife to William G. and Jessie Naydene Franklen quit claim deed to property at southeast corner of 12th Street and Prospect Avenue, \$900.00.

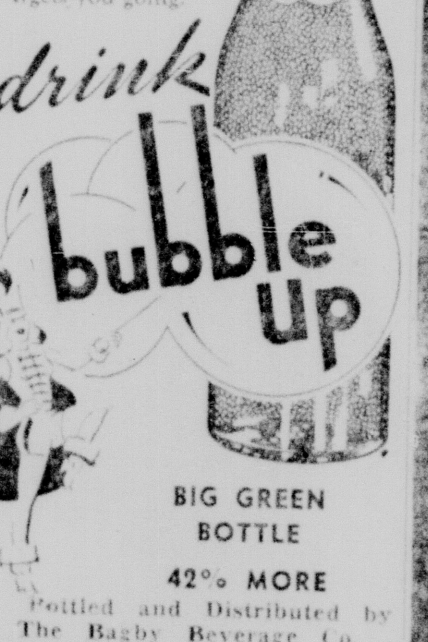

Reorganized School District RVIII Pettis County, Missouri by R. D. Neitzert, President, attested with seal of said district by E. Brownfield, secretary, to James L. and Louise Scotten, deed to Van Natta school, consisting of school house and tract of land 76 yards by 70 yards in Prairie Township, \$1,000.00.

and he had lied in the eyes of God, that the case was a frameup, and the defendants were innocent," the attorney said.

If the court rules against the motion today, the sentencing will go ahead tomorrow as scheduled.

Enjoy Clambake on July 4th

For a gala outdoor celebration for July 4th, plan a clambake at the beach or in your own back yard. Allow at least 1 quart soft clams for each person.

Scoop out a round, shallow hole in the ground. Line it completely with stones. Next build a wood fire and let it burn down, heating the stones until they are very hot. On top of the rocks and embers, lay a thin layer of seaweed. Pile clams which have been washed in sea water on top of the seaweed. Cover with a thick layer of seaweed and over that spread a large piece of canvas to keep the steam in. Let steam for 2 to 3 hours. Serve at once with melted butter, salt and pepper.

Soup plates piled with steamed clams is another joyful event. Use soft-shelled clams, about 1 quart to a person. Scrub shells with a brush using several waters. Put clams in a large kettle. We use no water. Some cooks use a little in the bottom of the pot. Cover and cook over low heat until the shells partially open (from 10 to 15 minutes). Be careful not to over-cook.

Remove to soup plates. Have

melted butter in individual dishes. Strain the clam broth into hot tea cups or small glasses and serve with the clams. What a feast!

Have a pile of paper napkins for each guest.

Clam Cakes for a Crowd, as described in "Sunset All - Western Foods" is another wonderful idea. Many a seaside dweller likes to make those newly-caught clams into clam cakes. Here's how: Put a pint of raw shelled clams through the food chopper. Make a batter of 2 cups flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 2 beaten eggs, enough milk and clam liquor to make a batter that drops easily from the spoon.

Combine batter and clams, drop by spoonfuls into hot bacon dripping in a frying pan. Fry cakes brown on both sides, drain on brown paper, serve with lemon. How many will this serve? Well, just remember this: 2 or 3 persons with sea-sharpened appetites can eat a lot of everything!

NO COMMENT — Winthrop Rockefeller, above, in Little Rock, Ark., where he currently maintains his business office, declined comment on reports he plans a 90-day residence in the city with the intention of getting a divorce from his "Cinderella" wife, Roba. Meanwhile, Roba and the couple's son, against Rockefeller's orders, moved into Winthrop's New York apartment. (NEA Telephoto.)

Florida Timbales Are Tangy

JULY FOURTH LUNCHEON includes refrigerated egg salad timbales, star sandwiches, watermelon on and chilled soft drinks.

Forty miles south of Tampa, to serve with it, Mrs. Murdaugh in Bradenton, you'll find refrigerated timbales, a tangy version of hard-cooked egg salad. Mrs. G. Murdaugh is the housewife there who invented them. Here's her 4th of July party menu: refrigerated timbales, sandwiches, watermelon wedges and bottled soft drinks.

The timbales are appetizing. Spices, chives and the use of a carbonated beverage give them special character. For sandwiches

Green Ridge Wheat Harvest Appears Good

GREEN RIDGE — The 1953 wheat harvest in the Green Ridge vicinity got underway the first of last week and farmers are reporting yields of 25 to 30 bushels per acre. The oat crop was very poor. The farmers in this area cut most of the oats for hay.

Mr. and Mrs. L. P. Tucker, near Sedalia, and Mrs. Emma Wenig, near Lincoln, returned to their homes last week following a week's visit at the home of Mr. and Mrs. Arthur Palmer and daughters, Gertrude and Jean, in Great Bend, Kan.

Miss Shirley Bullard, daughter of Mr. and Mrs. Elmer Bullard, Green Ridge, attended Girls State this past week at William Woods College, Fulton.

The American Legion Auxiliary Unit of Green Ridge sponsored Miss Bullard's participation in Girl's State. The president of the Green Ridge unit Mrs. Carl Spickert and Mr. Spickert, took her to Fulton last Sunday.

Pvt. Sam Anderson, stationed at Ft. Riley, Kan., arrived in Green Ridge Saturday evening for a weekend visit with his mother, Mrs. Beulah Anderson, his sister Mary Beth, and other relatives and friends.

Miss Cecile Vogelbaugh, an instructor in the public schools of Madison, Wis., is spending the summer vacation in Green Ridge at the home of her father, E. C. Vogelbaugh.

Mr. and Mrs. C. A. Wisdom and daughter, Charlene, Miss Isabelle Donahoe, Miss Ruth M. Hamlin and Mrs. Ethel Sims, all of the Green Ridge Community and Mr. and Mrs. Leon Welbern and daughter, Deborah of Sedalia,

to serve with it, Mrs. Murdaugh in Bradenton, you'll find refrigerated timbales, a tangy version of hard-cooked egg salad. Mrs. G. Murdaugh is the housewife there who invented them. Here's her 4th of July party menu: refrigerated timbales, sandwiches, watermelon wedges and bottled soft drinks.

The sandwiches may be cut out with star-shaped cookie cutters. Have the soft drinks icy cold — they're always wonderful hot-weather thirst quenchers.

Refrigerator Timbales (6 or 8 servings)

Two-thirds cup mayonnaise, 2 teaspoons salt, 2 teaspoons dry mustard, 1/4 teaspoon black pepper, 1/2 teaspoon cayenne pepper, 1 tablespoon Worcestershire sauce, 1 tablespoon vinegar, 1 1/2 cups cold soft drink, 1 1/2 tablespoons unflavored gelatin, 6 hard-cooked eggs, 1/2 cup minced celery, 1/2 cup chopped stuffed olives, 1/4 cup minced green pepper, 3 tablespoons chopped chives or onion.

Stir spices and vinegar into mayonnaise. Slowly blend in 1 cup of the cold beverage. Sprinkle gelatin on remaining 1/2 cup of beverage; stir to moisten, then heat over boiling water until gelatin has completely dissolved. Stir into dressing mixture.

Reserve a slice of hard-cooked egg to garnish each portion. Crumble remaining yolks into dressing. Stir in minced celery, olives, green pepper and chives. Chill until slightly thickened, but do not set, then chop and fold in egg whites.

Pack into 6 - 8 oiled custard cups and chill until firm. To serve: unmold, top with slice of egg and whole stuffed olives, securing with toothpick or miniature flag.

Note: To serve as a soft salad on greens, reduce gelatin to 1 tablespoon. Stir once or twice after removing from refrigerator if gelatin has set.

Thunderstorms are most apt to occur in the afternoon.

A tiger and a lion are so similar that a lion and a tiger can breed.

represented the Farmers and Merchants Bank of Green Ridge at the regular quarterly meeting of the Benton-Peltis County Bankers Association held at Cole Camp on Thursday night recently.

Following a fried chicken dinner served at the American Legion Hall in that city, those present heard addresses by A. T. Wheeler Jr., vice-president and George I. Sienker, assistant cashier of the Union National Bank of Kansas City, Mo.

Two Register For CSMC Summer Term

SWEET SPRINGS—Helen Winston, Sweet Springs, and Martha Lou King, Blackburn, are among the seven residents of Saline County who are registered for summer school at CSMC.

Mr. and Mrs. R. P. Ashurst and their son, Mr. and Mrs. Bob Ashurst and Kirk, Omaha, Neb., went to Blackburn Sunday and attended the 60th anniversary of the Blackburn Methodist Church.

They were accompanied by Mrs. Tom David, Elmwood, Mr. Ashurst and son assisted with the music.

Mrs. W. F. Hicks, California, is spending the summer with her father, Dick Hicks. Another daughter, Mrs. Nadine Meschke, Cleveland, O., arrived Sunday to spend a month.

Rhonda Lynn Messer, four-month-old daughter of Pte. and Mrs. Douglas Messer, was rushed

to Mercy Hospital, Kansas City, after she suddenly became seriously ill Saturday morning. She was accompanied by her mother, Mrs. Elizabeth Trent, aunt, Mrs. R. Trent and uncle, Guy Messer, Sweet Springs, and David Messer, who had arrived home that morning after being discharged from the Army.

Mrs. J. D. Nelson, Mrs. Edgar L. Moseley and Mrs. Raymond Highley went to Arrow Rock Tuesday evening and attended a dinner meeting of the Missouri State Nursing Association. The meeting was at the Old Tavern.

Mr. and Mrs. E. C. O'Neill and her sister, Miss Ola Pennington, Monroe, La., went to Columbia Sunday, where they visited their uncle, S. B. Williams, who is seriously ill at a hospital there.

Herbert Sluerke was injured Saturday evening when he cut his hand on a power saw. He received treatment at Jones Clinic.

Mrs. Rolland Scott was hostess to the Afternoon Bridge Club at her home Wednesday afternoon.

Prizes were won by Mrs. D. E. Smith and Mrs. E. G. Mueller. Mrs. Scott was assisted in serving

by Mrs. Tom Sturke and Mrs. Frank Farmer.

Mrs. Albert Heaper celebrated her birthday Sunday at her home. The following were present: Mr. and Mrs. Emil Reinitz, Herbert, Wilbert and Edward Reinitz, Mr. and Mrs. Elmer Kroesch, Mrs. Pelena Viets, Mrs. Anna Brandt, Mrs. Anna Hanschild, Miss Alice Hanschild, Miss Cora Sass and Miss Esther Stegeman and Mr. Reaper. Refreshments were served.

Mr. and Mrs. E. R. Scott had as guests last Wednesday for dinner

Mr. and Mrs. Willie Elkins and Gloria, Mr. and Mrs. Forest Elkins and son, Sedalia, were Sunday supper guests of Mr. and Mrs. O. F. Martin and Jimmie Elkins.

New Law Protects Against Careless Drivers In Missouri

"The new Driver's Financial Responsibility Law is designed to protect all citizens of Missouri by taking off the highways irresponsible motorists who are unable to pay for the damage or injury they have caused," Roy E. Gerster, the MFA Mutual agent explains. The newly enacted measure becomes effective in Missouri on August 29.

Motor vehicle accidents causing injuries of more than \$100 damages must be reported within ten days. If others are injured or property of others is damaged in excess of \$100, each driver or owner, who is not carrying liability insurance to cover such injuries damages, must deposit security to cover any possible judgment which may be recovered against them. Failure to make the deposit will result, under the new law, in suspension of their driver's license and automobile license plates.

"This new law is modeled after a uniform financial responsibility law which is in effect in most states," Gerster said.

"While there is no compulsory requirement that a man carry automobile liability insurance to obtain a driver's license or license plates, the new law does provide penalties of suspension of such licenses for those who fail to carry liability insurance or do not comply with the new law."

The administration of the new law is under the jurisdiction of the state director of revenue for specified types of accidents. No court action is needed in order for the driver's license and the license plates of the driver or owner of an automobile to be suspended upon violation of the terms of the law.

Create Dramatic Modern Artistry Out of Metal Scraps and Thread

Guido Chigi, noted Chicago artist and teacher, uses string twisted scraps of metal and a reel to make a mobile.

By KAY SHERWOOD

NEA Staff Writer

A clever conversation starter and decorative filip for a porch is a mobile dancing lightly in the summer breezes. You can buy mobiles for a few dollars on up—and up. Or you can make your own three-dimensional "picture" for a few pennies. They are easy to make and can point up a special interest, hobby or personal foible.

To find out how to put one together, I talked to Guido Chigi, a noted Chicago artist whose own mobile creations are custom-made and sell for fancy prices.

Chigi also teaches art to junior high school youngsters.

"To be pleasing to the eye, a mobile must have design, balance, and repetition of form and color," Chigi said. Although there are almost endless variations in mobiles, Chigi advises amateurs to stick to simple shapes and use easily worked materials in bright colors.

A simple mobile usually has a main arm from which motifs are suspended. The whole is depended from a hook or thumbtacks on a line which is tied to the main arm.

For easily worked materials to cut into simple shapes, he suggests balsa wood, heavy cardboard, plastic scraps, flattened tin cans, reed, and copper or aluminum foil. But, he emphasizes, you can use almost anything your fancy dictates.

To thread motifs together he uses black thread, string, or fishing line. For the main arm he says you can use a short length of reed or a welding rod which can be curved. Hobby shops or hardware stores will yield any material you don't have.

When you've decided on a "theme," such as nursery rhyme characters, ships, fish, or weather symbols, or abstract shapes, you may want to make a rough sketch to follow, cut out the shapes and shift them around on a flat surface to get a starting pattern which you may change as you assemble the mobile because 1

Bright-colored mobiles which you can make or buy add a decorative conversation piece to a screened porch. Summer breezes make the nursery characters in this inexpensive mobile dance a lively jig to catch the eyes of children as well as their elders.

found patterns take on a different look in the air. Apply paint before you assemble the mobile.

To assemble the shapes, loop one end of your main thread around a clothesline, or tie it to a ceiling fixture and knot the other end loosely around the main arm. Shift the arm back and forth to maintain the balance as you string up the motifs. When the mobile finished, twist a thin wire loop tightly around the balance point and tie the thread to this.

To find the balance point of the motifs, Chigi advocates using the main arm, Chigi advocates using telephone tape to stick thread to the motif. When you've found the point, punch a hole for the thread or wire loop.

Shadows that a mobile cast are part of its charm. So if you hang it near a lamp you'll get dramatic shadow patterns on the ceiling or wall at night which will create an artistic, modern atmosphere impossible to duplicate in any other way.

Legion Post Elects Its New Officers

OTTERVILLE—At the monthly meeting of the American Legion Post, officers were elected for another term. They are: Walter Castle, commander; J. H. Parsons, vice commander; Loren Bane, adjutant; Farrie L. Cole Jr., chaplain; John J. Kuykendall, finance officer; Ray Armstrong, service officer; and Fred Neyer, sergeant at arms.

Mr. and Mrs. Dick Baker had as weekend guests their sons, Dr. and Mrs. B. B. Baker and daughters, Tulsa, Okla., Mr. and Mrs. Hugh Franklin Baker and son, Des Moines, Ia.

Mr. Harry Young and daughters, Patsy and Joan, and son Harry Jr., and Mary Jo Bryson, Sedalia, were guests of Mr. and Mrs. Sammie Potter.

Mr. and Mrs. Peepert Atkinson and children Exeter, Calif., have returned after a three-week visit with her parents, Mr. and Mrs. Linn last Tuesday for a two week visit with relatives.

Wolves Lose Out

SASKATOON, Can. (P) — The days of the wily timber wolf in northern Saskatchewan are numbered.

Saskatchewan's control programs in the last two winters have sharply reduced the numbers of the predator which annually destroys up to 50,000 caribou, deer, elk and moose in the province.

Harold Read, northern game supervisor, reported in Prince Albert that 229 adult wolves and an estimated 650 unborn wolves were killed in last winter's control program, and about 400 in the previous winter.

Since 1927 in the United States there have been 321,000 pedestrians killed in traffic says the National Geographic Society.

Is Spending His Vacation With Parents

STOVER — Donald Schedler, Sanford, Mich., is spending a vacation with his parents, the Rev. and Mrs. J. C. Schedler and brothers and sisters. Donald has been vicarizing at the Sanford Lutheran Church.
